P.S. I remember you also wrote about the Certificate for yourself. If you will kindly let me know what sort of testimonial you require, I shall be glad to send it to you.

Nothing definite has as yet been settled about the amalgamation. You will be surprised to hear how shabbily the National Med. College has behaved. It is a long story & you will hear it when you return.

With kind regards

Yours sincerely

My dear Mr. Hardike

You must really excuse me for not replying to your letter earlier. You must have heard that we have been running a Hostilee week in connection with the St Leger & this has kept me very busy of late. The week is only just over so I have a little more leisure to attend to my correspondence.

Your brother is getting on very well with his studies. He attends my tuition occasionally – not as often as he should. But he is very regular in his attendance at lectures.

The Govt. have not yet settled anything definite regarding us. You know how slowly the machinery of Govt. moves in such matters – We are anxiously awaiting the return of the Chairman of the Corporation from leave. Our land question has been postponed until his arrival.

You will be glad when that D. N. N. Dey, who was one of your most popular lecturers, is returning to Calcutta for good. Will you in after the Poojahs a lecture on Medicine or Midwifery. We shall be very glad to see you back in town after the Poojahs. I hope you have been continuing your studies.

Mr. R. C. Sen is not now in Calcutta. I think you may have heard that he has been appointed Dewan of the Bijni State in Assam. He is here now on leave to see [illegible] about the student who helped him to become a Commissioner. We have had a large number of admissions this year. Our lecture rooms are full.

With kind regards

My dear Mr Hardiker

Thanks for your letter. Your brother has appeared for the Trial & I think has done fairly well. In Surgery at any rate he gets high marks in the Oral — I have not read his written paper yet.

I don't know whether he is still in town or not. If he is

here, I shall certainly tell him not to go anywhere for the Pooja but to attend my dispensary regularly. He was there occasionally but I have not seen him for the last few days.

We had got up a theatrical drama the proceeds of which were to go to our building fund.

No news yet about the Registration Act or about amalgamation.

With kind regards

Yours sincerely

My Dear Narayan:

Received yours today and was very glad to see it. I say that you are rather late in informing this either to live here or to come straight via Bezwada. Because all my friends are coming here and I have settled every thing with them for our tour. Still you should not be disappointed and I think you will not.

As for my examination I have done well in all my written examinations. Upto this time I have finished my medicine oral only, and in that too I have done well. From tomorrow we will have our other orals. However I have and I will do for passing. I am sure. Except Pathology. I have not at all read this book and I fear for the same.

As for my coming to Calcutta again is by no means advisable for me. So far I think. Because hence forth I don't want to beg or borrow a single pie from any body. And if I come here. if you can try for me for a service or any other way. I may come here. with you.

So you think over the matter well
and then write me clearly everything...?
here only. I will be here only till that time.
Nothing more to add. I was waiting
for Daliya's and Ramu's up to this time
but sorry nothing received from them.

I am Yours ever
affectionate
Gannanna.

P.S.

I was irregular only because I
was sick to attend his Dispensary
and besides time to examination
and nothing more than this.

Otherwise I dont like to come here. However I should get so much money for myself and your expenses. and (few ten rupees extra for me-). and if I will be here. I dont like that you should depend upon General or any body else. So if you are going to arrange for me. in that way. then only I will follow you.

So, for this management you will have to come first. and then you better call me. and I may start for Calcutta.

I have a mind to pay off the amount in return whatever it may be and whoever the persons may be such as Dalia, Ramu and Bandu. that amount taken by me for my expenses. since last november. I dont want to be indebted myself in any way. So I am thinking over all these things both day and night. As you say. I am not proud of my knowledge of this science. I know that it is an insufficient one but unless I dare my self to do the things although they are difficult ones. I will not be able to pull on in this world. In my service or in my practice I will gain more knowledge than what you think.

Dear Hardikar

You might have been reached Hubli by this time and also deeply engaged in your Study. I am going on amazingly well with my studies & health but the unbareable hot of this place made me little uneasy. Any how I am pursuing with hope & zeal my respective duties. (Will you kindly inform at the time of starting to cal:? will you not manage for our Ex.? will you Please do mannage for us)

Sweet nana you know that I am a humble mendicant a itinerant monk. I am helpless & alone, what can I do you have the power of intellect & education will you forego this opportunity? The highest gift you can confer on a man is to offer him knowledge. And you know

that what we are today is the result of past and however nobody can remain forever in the state of unwisdom every mistake we make, every experience we gain good or bad. & each understands according to his own degree of comprehension. I think there is no fault or sin in the world. everybody must pass through every state of life just as every one has to pass through the boyhood childhood. Therefore kindly forgive me if I have done any wrong in the last term.

Where is Dr. Ganapatrao what is he doing & what about his marriage? God may bless him in his undertakings write in detail nothing to add now. Hoping to be excused for the troubles.

Yours truly

My dear Hendrikson,

I am rather late in replying to your letter. The examination is finished & it has been easy. I could not secure the questions as the number was very limited. The amalgamation scheme has not proceeded any further. The date of the examination going to appear has not been fixed yet. I am sorry I have not much experience about the American universities so I am not in position to give you further information on this point. I know you are deficient in practical training: however you have mind that matter not when you get actually onto the field. Hoping you are well

Will be glad to see you back in May. In haste.

सौभाग्यवती अक्कांनी सांगितले होते की
येथे आल्यानंतर सर्व पूर्वी सारखे व्यवस्थित
चालले आहे. पुढचे पुढे. हल्ली आम्ही वाड्यात
राहून रामभाऊ, सदाशिव व लक्ष्मण व हे
सह कुटुंब सह येथे येऊन राहिले. हे सर्व आपल्या
आपल्या प्रमाणे संपवून येथे मुक्काम
करणार आहेत. हे सर्व हे मंडळी दोन दिवस
येथे येऊन राहून मग दुसरीकडे जाणार
आहेत. त्याचप्रमाणे चि. बापूराव हे यांचे
घरी त्यांची ही भेट होऊन आपले पत्र त्यां
ना दिले. व आम्ही सर्व ही पाहुणे
मंडळी सह हे ऐकून की लवकरच
येतील हे ठरले. बाकी सर्व ठीक आहे.
तेथील लोकांचे वाड्यातून विहीरीतून
पाणी नारायणपेठेत नेले व चालू आहे.
आता आहे. तरी मी आपले आपल्या वाड्यात
न का नाही पण विहीर आहे एवढेच
करिता येथे कोणास माहीत नाही
नाही. तेव्हा पाहावे हे काम चालवले
ते अजून नोकरीत नाही पण काहीतरी
होत नसून हे कळवले आहे. नवीन मंडळी
कोणी ही काम करणाऱ्या माणसांपैकी
नाहीत व त्यांची ही पत्रे आलेली नाहीत. विठोबा
कोणाकडून पत्रे वगैरे ही पण आलेली नाहीत.

आपले इकडचे वाचून आनंद झाला की चि. डॉ.
गणपतराव यांनी आपल्या साठी दवाखाना
सुरू केला आहे हेच ठीक झाले. त्याचा व्याप
फार मोठा असल्याने त्याचे जरा जास्त
ही त्यांना त्रास होईल असे वाटते
आहे. बाकी त्यांचे वजन पूर्वी प्रमाणेच
आहे. त्यांची भेट झाल्यावर आपण हे
त्यांचे व इकडे आमचे सर्व मंडळीचे
कुशल आहे. आपले दिवस चांगले
निघून जात आहेत. तरी आपण लवकर
आपली प्रकृती सांभाळावी.

My dear Narayan.

It is the only last time that I have dropped you first since your departure. I am getting on well with my business it was rather slack for the cold season. but since this month ~~I think~~ I am progressing: by the end of March I will be relieved from my debt entirely. and from April whatever may be my earning will be my pocket money. Of course as regards my coming over there It only depends upon you. & you only. I am intending to come over there & join you there but I don't know when I will (see) get that day of joining you.

Remember me to Balasaheb & Govind. Await I am coming. Shortly. Be sure I will come. Work hard. Is there any Secretary like our ... in ... manner

Answer

My Bala ... of the ... you ... "Before ... you ... ... "

I am intending to open a
branch in Boonalety shortly i.e.
after a period of say 5 or 6 months.
Such sorts of my aims are
depending only on your writings
only.

If I have to come over there. In
the first place. I should avoid
my marriage for the present. and
have intended to avoid it. and will
marry if possible on some terms - These are
You might be remembering a letter recd
at Calcutta by our late Mr Karandikar
about my going to over abroad.
That is my condition of marriage
Secondly I don't know for how many
years you are staying over there. So that
I may collect money - like that having
opened a branch at Boonalety. These are
the difficulties before me. Will you please
write me How are you managing. Are there
any means as to support ourselves here. What is
the state of the colleges or universities. Please
inform me in details in your next.

My dear Narayan,

Since the last two weeks I think I am not getting any thing from me. never mind. Have you not yet received any letter of mine? I wonder. I am getting on well with my work and health. I expect every week from you something. Can't you send anything for me. My advice to you regarding medical Science. is instead of spending your time in all these other things i.e. as you have written in your this week, about धर्म & देश. You know very well that you are to return to India and after coming from there you can do anything you like. You have wholly & solely given your life for it we know etc. I am sure you might ~~&~~ not be getting time to do all these things. But then why should you unify. Write for the present.

Babasaheb & Govind — Send me some news from your University regarding the medical Science. Will you?

Yours affly.

My dear Narayen -

Your Dateless letter to hand that showed your Extreme Carelessness - No doubt I have taken the above sentence from your today letter only to show you how careful you are of in writing the dates. I might have perhaps forgotten to write the date. So it might be with you today - Is it not? Nana d. know you personally very well & I know your character nature & deeds too - Instead of encouraging me to come over there you depress me in your

every letter. Why should this be?
After you write your letter please try to read them yourself & correct your mistakes
What about Beba & Govind
Why they are acquiring this sort of dead silence. Will you please on my behalf to write request them. Can you not send me a few lines? & some thing about medicine etc
Any journals etc.
Just write me what amount. Should I have to start with. And with what necessary things—
Books. clothes. Eatables – How should I start. With what of boat: By what side. My washings in the middle. etc etc in details. After I come over there. What will you manage & How. About my expenses there. Unless you write me in detail. How should I go.
G.H.

141 17-4-14.

Dear Narayan

Recd yours todays and went over its contents which were as usual (as Katha, Kirtan and Puran) - This your Kirtan I don't like - You might ~~to~~ write such sorts of Kirtans to somebody else and not to me - Don't take this ill - Might read the accompanying letter little bit [illegible] carefully - and think over it for a while - whereas I am against your wishes in it for publishing your names - but you will have to do it this my request is two-fold one is people should know your

-intention of going there to America-
who some does not know the
real fact - The second is
a help to you, myself or to
us who wish to come there to
join in your undertaking -
& There is much possibility of
some students to come & join you
in your wishes - a help of
a word or money or such like
helps - Dear Gangadhar has
~~[illegible]~~ recovered from Pleurisy
whereas myself & Zaliya together
were treating but now he has
become a Consumptive - nothing
more - expect a long & detailed
letter -

Yours

Sri Dutta Jwm | Ihy Kirkee Bazar
Stree 12.30 P.M. 19-4-14.

My dear Narayan.

An Idea Struck me. at once about the mail day Now a days there is nothing more before me but the plan how to get money to start to America. After consideration. I have settled as follows. You should first write me. as an answer to this letter. leaving other writings of yours on that mail day.

Should be a long Request to me. in the letter — as follows — or as you think proper.

1 That as settled in Calcutta we three of us have gone to America. having taken different subjects as Special Subjects. And we want some men. to take the remaining different subjects. As you had promised to take your pet Subject (as Diseases Children & Women). None of us three have given a least Consider ation to this subject. We have left it totally to your part. If at least four of us go to India. with these different subje[cts]

...

And open an Hospital. as a Carnatic
Missionary Hospital. That will be a
best sort of help to our Karnatic brotherhood.
Try to come here as early as possible.
We three of us are waiting for you & others
likes you to help in our wishes & aims
If you have not got money go & beg for
it door to door and you will get the help.
nobody will come & give but you go to them
and ask for it. There are also two other
Indians. who have started with other
two different subjects as special & intend
to come & join us. If such people come
and join us we may start a School or College
(medical) in connection with missionary
Hospital (Karnatik) whereas there is no
School or College & Hospital to our side in Karnatik
whereas Students have to go for their
medical education. in ~~School~~ Poona. for a
School. in Bombay for a College.
A sort of ~~me~~ Praise of medical Science
in America. Should be written in the letter.
sort of praise in the letter for the
[gover]nment & such like sentences
Should be in the letter -

So I mean to show this letter of yours.
to some military medical officers
and get certificates from them.
and so also I wish to show the letter
to the Collector while I will go to get
my. Passport and loyalty certificate.
and to such High officials. Chiefs.
and such big men where ever I will
have to go for such begging.
The reason of this is. That as regards
your conducts. People doubt. They are
not known. why for you have left
the place. So they should form
their idea. that you have left the
place with a good object. Some
people know about your object but
not all. to emphasize that and
also that letter of yours will be a
sort of help to me ~~in~~ getting the
funds. Write also. As we are
supporting ourselves here. or some
thing like as you think it better.
In conclusion I write you if I
show that letter to any individual
he should make up his mind to help
me ~~with~~ at least by [illegible]

at the
a lie or by writing a good word. for me.

And I want to suggest you:—

To send an article to print ~~an~~ ~~article~~ especially in Kesari and leading marati & canarese papers in Karnatik, requesting ~~some~~ young students to come and help in your wishes & aims - in opening a Hospital. college or school in connection ~~with~~ having ~~helped~~ come in America or foreign any place - & getting the thorough knowledge and under that there should be your name & your coworkers - so that the people will come to know with what intention you have gone and perhaps people might help you or to such new comers like my self.

And also I think some students might at least think of coming over there - Everybody is afraid of a long distance. but when they will see that some of our country boys. have gone there & staying getting the up to date education why would they not make up their mind

5 [illegible]

to start. I think at least one in hundred will make up his mind: while every body is afraid of having no such companions and also the means. In the very article you should solve this point of means. in America

And also send me afterwards. or say by next mail. How I should apply and to what Collector i.e. the Poona Collector or Dharwar Collector where I have born. The applications should be quite different for an passport & a loyalty certificate. If they are two different applications - send the two different papers so that I may write the applications (copy). and go to him with them. Now you hurry up. in doing i.e. a letter - of yours first and your co workers next week of the same sort. and the very mail day. letters to Kesari - Dnyanprakash - and Indu prakash. Sayaji Vijaya. and other Karnatik

leading papers — but the However this letter should go to Karnatik before I start begging. and the people should know it before I go there-

In one way I should say I am going quite against your (~~proposal~~) determination i.e. not to publish your name in full and also your coworkers — but what I think by this my suggestion I or you or we will get a sort of help. from the people. Am I not correct? What you think? I am sure — if you go little bit deeper think for a while on the points — I dont think that my suggestions will be ~~and~~ quite fruitless — I dont say that you require help. and so you publish your name but by publishing your names some friends of you three poor or rich might turn up there — a chance!!!

Just you better read this long letter to yourself or better still I think read it to your coworkers. So that they might give you some points or suggest you — as you think proper —

Hence forth your letters to me should be of this sort only. and not like that — "You leave off your vicious habits which I dont like etc."

Because sometimes I had to show my private letters to my friends or some such people. who ask about you and your letters — sometimes they want to read about particulars here & there & so on. So I think you will take rather proper steps and will be careful — not to repeat such sorts of words — or sentences in my letter — .

8 15

I have written this letter to you in my dispensary - of course. After going home. I will see your mail & then write. But this long letter. of 6 days. of mine. will put you in a sort of astonishment - but what I think after reading this whole letter. I think perhaps you will say yourself. Ah! - ... it nothing - but what I thought - I have written - because your ideas are always higher than myself. but let me see it a trial that I have done ~~the~~ today. Nothing more.

W
GH

P.S.

Yes. I mean to stay alone in Kirkee from 1st May 1st and wanted to buy living on milk & bread alone since that time & also to buy my tobacco & pan chewing because. I am afraid I might not get them there - & besides I have ~~with~~ read some where in your diary or letter - we have to pay taxes on tobacco on our way outside India ~~...~~ on my B.C to Baba & Govind. ... & ... Baba

My dear Narayan,

Recd yours & learnt its contents. My answer to the following last letter of mine with some more questions.

1 To what all the Chiefs I should go for begging.

2. Through what source I should go.

3. If you know the Kathiawar their names etc. please state.

And such others which will enable me to get them through.

I am doing well.

Yours ...

P.S. Narayan will you please send me the paper in which you have the read the law passed like that as you say. I will be very much obliged to you for this. Do it for God's sake & my sake. Nothing more—

Received your letter this night.

I was disappointed to read the letter. So much so that even I could not take my meals ~~...~~ properly. But still I have not given up off my hopes & ideas. I will try, say, today, tomorrow, a month after or an year. after I am to come to America. until you three are there. I ~~am~~ have struck with an idea. today which is this. To give a notice in one of the papers. stating. "That an young man who wishes to go abroad for his medical studies after having returned after completing his studies will marry his daughter or having married he will proceed." If I dont succeed in this I mean to go. and take out on a loan say a ~~...~~ three a four thousands. for my course. Anyhow I am coming over there mind what I say. But if you have not sent the letters that I have asked now, please send them at once. Really I was very much disappointed and discouraged by this your todays chit. But again I am keeping the same sort of ideas.

of going over to America. and I pray God and hope that he will give me success in my hopes and wishes. God is great and he is the Only one to help me in my wishes. Let me see.

My wish is today writing of this letter is only to inform you. that any or other way I am coming. always. Be careful in reading my letter and answer me in full what-ever questions I ask to you.

Dont you neglect in answering my questions in full. never mind. Be informing such things as you have informed me today. I hope perhaps this law too might be changed to the previous one again. I think - God may do it. I hope so. and Be waching over all these such sorts of laws. and Be informing me Every now & then. Perhaps in this letter of mine you won't be able to see even an Correct sentence. I read it twice thrice to correct the same But I have done nothing. My wish of writing this letter of today. is that to inform you like by hook or crook. I am coming over there. Otherwise Since the time I read your today's chit :-

My Dear Narayan.

Recd yours - Only - Mind to be mild always. I need not write you anything in detail about it. Today only I had been to see the medical officer in charge Cantt Hospital. So that He may give me a certificate as I require while I settle to leave off Kirkee. for the good - for subscription for begging for my departure to your place and in your room. But I am sure I will get the certificate as I require even word by word comma to comma, point to point. So that you may write to me - In what form I should take the certificate which will be useful both for begging for funds to the Chiefs - Sheths etc. etc. and also perhaps it might be useful to show it there to the Professors & Dean of your University. I think well and write so that I will keep it down & take the signature of the medical officer who is Major. I.M.S. M.D. I think it will be too much useful till I get the answer of this letter I am doing nothing.

I mean to close my dispensary in Diwali Holidays and then go for begging. Will you please mention me to what Chiefs I should go and what not?

Will you please send me the copy Hindustanee Student? or such other magazines? Medical or others?

Why both of your friends don't write me. Do they not like me to write? or what Will you please put this question to them on my behalf I thank you will & must!

From tomorrow I am living in Kirkee itself. I may be coming every mail day & perhaps on Sundays to City. Otherwise not. I mean cooking myself on stove or to be on bread and milk for a practice. So that I may not be troubled while I will be under your supervision. Because you are so very strict a gentleman. I am waiting for the certificate – mind – I might

By the time you receive this letter I might get answer for my letter which was dressed a fortnight before – I should say to one part of that letter – you have sent the letter which is to be published in Kesari that was first object but some thing is left in it – that you should ask the Kesari

that you all three have gone with the hopes of opening a charitable mission-ary Hospital to the Karnatic side and also if possible to establish a medical school or college and so you require the help of some more persons educated abroad for these things which will be when formed in a good way – This you send this article while you send me the answer to this letter so that after publishing after a fortnight I will start begging and I am sure I will be successful in every possible way in my undertakings. Otherwise there are no other hopes of my living over there – So what I think – If you could kindly suggest me any other way of my coming over there I will act accordingly. Any how I want to come over there

beg to take me over there

Nothing more

with regards & wishes

Yours

My Dear Narayan

Received your letter of the 26th April 14 1918. I am alright now. Don't you be caring about my health at any rate. You have not as yet sent me the application how I should do it to the Collector for passport and Loyalty Certificate. I am anxious for these two things only. You need not care. I don't start from here unless I have sufficient money. Read the article that you have sent today.

I don't see Mr Pimpalkar nowadays. I know nothing about him. Nowadays I am staying in Kirkee itself. I come to Poona on Fridays most probably that too for your letter. I am taking only milk and bread sometimes in Kirkee. Say some times I take Rice. i.e. on my fasting days i.e. on Thursdays and Saturdays. I cannot write you anything more. Because I don't see that you answer my letters properly so I don't incline to

write you anything — So do as you please — I have left it to your choice now whether to answer my letters in full or not. Really speaking you ought have answered my letter of the 27th March 14 in full & today was the day I was expecting these apple-eaters but sorry — I have been disappointed to see no reply to my letter in full ——

My dear Narayan.

Glad to read your Post Card -
I don't understand why you have not
as yet sent the applications which I
do require? very badly. I am getting
well both with my practice and health.
You need not care for my health.
Shortly I will leave Kirkee for the good -
for funds - to collect. Harebhaos
wishes to come. So he says he has written
to his father and he is waiting for his
Papa's reply. I will try to come with
Rs 1100/- as you say in your Post Card.
I will try for more than that too. But
that will be very difficult to collect
a sum of Rs 1100/- as you say. Still
I will try. God is great.

And we can not make out his Lilas (ଲୀଳା). It is of course beyond our sight & thoughts – So what I think is if I start for Cekeeling I am sure to get help from people.. So sometimes when a man is quite sure of something but it happens quite vice versa to it I am solely depending on my Dattaguru And he is The Only to fulfil wishes and aims – nothing more. but I expect your encouragement in my coming over to you. What about the Immigration act. The grave situation as you say in your last two of the letters? Did you here anything more of it? I am yr affly

Dear Narayan

Received your letter today from Lake Geneva. Really I saw your letter (last) sent to Haribhanoo. I dont understand what is the matter with Babasaheb. What do you mean by that he has been influenced by the water of America. (इरादत ? ...)

I think that this fellow will be quite useless to you in your future work. His family members will ask him to [illegible] after he comes here and I am sure he will not take any part in your futures. You be with him so and so. Dont take any interest in him this is my advice to you. Perhaps you would like it I am sure [illegible] you listen to me. His [illegible] (Nadiji) [illegible] induce him to leave you and I am sure he will do it accordingly. They purposely [illegible] not send money. I am sure. That the money sent is for 8 months. & he should not expect till that time.

After my arrival there I will come and work like a cooly and I will provide you [illegible] for your studies. So that you [illegible]

over study together for your Country and get
the knowledge without any care for money.
Nevermind if I dont get any education.
But at least this will be a sort of work (to help
you both) for my Country & brothers. I will
satisfy myself by doing this at least. So
I pray god both morn & eve to help me in
my undertakings. Nothing more but
~~no~~ Dont care for that Black Niggers
He & his family seems to be selfish.
Mind He will come & seperate from you all.
So Dont care for him in any way.
Let him die or go to hell. Dont you
bother for yourself. How is Govind? What
do you think of him?

Yours affly.
E Gandikar
